San Jose, Calif. – PremierOne Credit Union, with branches throughout Santa Clara County, California, continues to grow by expanding its branch network and services to its members. Last month the Credit Union opened a new building, located in South San Jose that includes their new corporate office and a state of the art branch. The new building is located on [Via Del Oro](#), surrounded by The Bernal Shopping Center and Village Oak Plaza.

This is the fifth branch opening for PremierOne Credit Union, providing more accessibility and convenience for its current members and future members living in the area. “Our [new branch](#) location represents our continued commitment to better serve our members and our community, providing members access all of our products and services,” said Andrea Brewer, PremierOne Credit Union President and CEO.

According to Brewer, the branch takes a modern approach to financial services. It allows for a more interactive member experience, more accessibility, and a tech bar features tablets for account access or browsing through products and services. The new branch will also include extended hours in the evening and Saturday hours, to continue providing members more accessibility.

“We are so excited to help our members through the new branch’s features and services,” Via del Oro Branch Manager Kathryn Delfin said. “We hope members come out and experience this branch for themselves.”
